Why choose Sandberg?

Sandberg stands for quality and user-friendliness.

When you buy a product with the Sandberg name on, you can be sure we have done our utmost to ensure that the product lives up to expectations and that you yourself can install and use the product when you get home.

All Sandberg products are individually double tested. That is a visual and a technical quality check before the product leaves the factory.

Sandberg products are supported by a 5 years warranty on accessories, and 25 years on cables.

Free use of Sandberg's friendly helpdesk. Online FAQ, manual and driver download.

Website, packaging information and user guides in up to 10 European languages.

All Sandberg's products comply with the EU regulations RoHS and Weee.

Sandberg is one of the most accredited brands in European IT press. Our high standard of products results in very positive writings, recommendations and awards.

Bluetooth Toys

462-01 Bluetooth Selfie Remote

- Remote control selfie shots
- For iOS and Android

Selfie yourself anywhere and post on social media. You know the feeling of instant sharing, and you know how it is to be limited by the length of your arm. But the limitation is in the length of your arm. You get a close-up of your face and no background. The key is extending that distance. The Sandberg selfie Bluetooth remote lets you take your selfie shots wirelessly allowing much more distance between you and your phone.

Bluetooth sound

450-06 Pocket Bluetooth Speaker Pro

- Wireless music
- Hands-free calls

The Sandberg Pocket Bluetooth Speaker Pro connects wirelessly to a Bluetooth device such as a mobile phone or tablet computer.

450-05 Bluetooth Stereo Headset Pro

- Foldable for easy transportation
 - Great sound with Neodymium units
- The Sandberg Bluetooth Stereo Headset Pro connects wirelessly to a Bluetooth device such as a mobile phone or tablet computer.

450-04 Bluetooth Stereo Headset

- Impressive sound quality
- Built-in microphone

The Sandberg Bluetooth Stereo Headset connects wirelessly to a Bluetooth device such as a mobile phone or tablet computer.

450-01 Bluetooth Audio Link

- Wireless music transfer
 - Perfect for car use
- Sandberg Bluetooth Audio Link simply connects to an AUX input on the amplifier and then wirelessly receives the music signal via Bluetooth.

The Sandberg Guide

Let our guide help you

You have two devices, you want to connect. We have the bits and bobs you are looking for. The Sandberg Guide will help you figure out, which items you will need. Ease as this:

1. Point out the devices you want to connect.
2. Mark the ports you have available.
3. The Sandberg Guide suggests how to connect the devices.

Don't get more confused over strange technical terms. Try The Sandberg Guide on www.sandberg.it or implement it in your own webshop.

The screenshot shows the 'Sandberg Guide' web application. At the top, there are icons for a Windows computer and a mobile smartphone. Below this is a 'Select Ports' section with the instruction: 'Now select the ports you want to use in each device. The more ports selected, the more solutions we can find. Then click Next.' There are two columns: 'Ports in windows computer:' and 'Ports in mobile or smartphone:'. Under 'Ports in windows computer:', there are three options: 'USB-A port', 'MiniJack port', and 'SOUND input, stereo, phone, "3.5"'. Under 'Ports in mobile or smartphone:', there are five options: 'Apple Lightning port', 'USB 3 Micro port', 'Apple 30 pin port', 'Bluetooth connections', and 'USB Micro port'. At the bottom, there are 'Back', 'Reset', and 'Next' buttons.
