

2018 02 06 – Meeting Denis, Dag and Arild

NMC will buy /rent buildings from Tronfjell maskin. Dag needs plans/ drawings to plan the foundation. The Norwegian Labor Inspection Authority has regulations on size and function to satisfy the needs for five work spaces with office, room for breaks and meals, toilets/wardrobe for both sexes and work shop. The assembling of the containers at site may be done by foreign workers.

Tronfjell can deliver standard solutions for buildings in 2 weeks and need 2 months for special delivery. Starting with a temporary solution is an option.

Building permission/ application: Norconsult in Hønefoss (Oslo DCLO) can do noise measurements if needed.

Arild sends Dag the needed information on contract partner Dataroom AS.

New meeting Thursday at 8.30, same place.

- Signing of agreement. Time-chart/ preliminary budget for major works included .
- Payment plan with monthly up-front payment

Dag has to coordinate with Tronfjell Maskin, NØK, electrician (Nord-Østerdal elektro), Alvdal municipality and The Norwegian Labour Authority.
